

International Journal of Multidisciplinary Research Updates

(IJMRU)

# **Editorial Peer Review Process**

Manuscript submission

T

Manuscript number assignment Ţ

### **Technical screening**

Editorial office will assess manuscript for quality and adherence to the guidelines of the iournal

Ť

## **Editorial assignment**

Editor-in-chief will assign Handling editor (editorial board member whose knowledge and expertise is matching with subject area) to the manuscript.

↓

### With Editor

Handling editor will do initial assessment of the manuscript and decide whether to reject or send manuscript for further review process. This is first decision about manuscript.

Ť

#### **Reviewer** assignment

Handling editor will assign three reviewers (experts from the subject area) to the manuscript for carrying out assessment of manuscript based on its merits and scientific credibility.

↓

### With Reviewer

Reviewers will carry out assessment of manuscript and submit their comments to the Handling editor.

#### ↓

## **Editorial Decision**

The Handling Editor will prepare final report based on both his and the reviewer's comments about the manuscript and will convey a final remark to the Editor-in-chief.

Based on his report and remark Editor-in- chief will make final decision about your manuscript like Accept or Major Revision or Minor Revision or Reject

- 1) Accepted manuscript will go to the publication after final editing and proof reading.
- 2) Manuscript with major or minor revision needs to be resubmitted as a revised manuscript after being revised as per reviewers comments and will undergo same review process.
- 3) Rejected manuscripts should not be submitted again to the same journal.
